If

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise:

If you can dream-and not make dreams your master;
If you can think-and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools:

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: 'Hold on!'

If you can talk with crowds and keep your virtue,
Or walk with Kings-nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And-which is more-you'll be a Man, my son!

Introduction

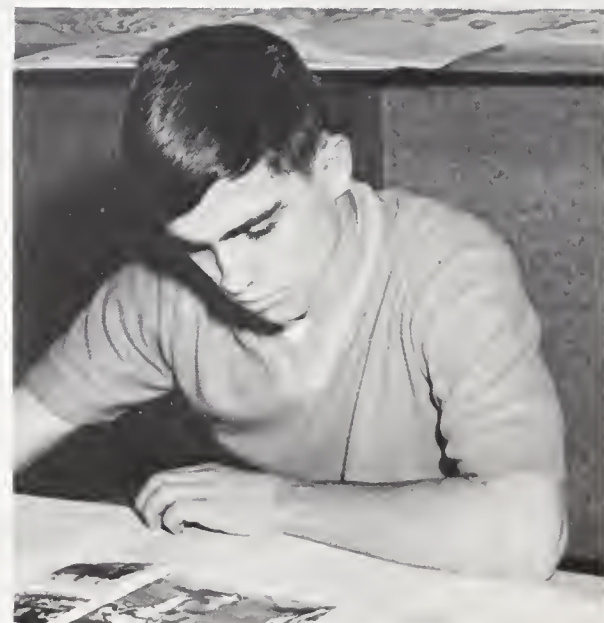

As we, the students of Kings Mountain High School, turn the pages of this the 1968 **Milestones**, many memories will return. There is the informal friendliness reflected in this annual that typifies our high school. Happiness, sadness, success, and failure are presented here. As time is reviewed, many and varied happenings return. The dedication of the John H. Gamble Stadium was a realization of a hope and dream that the entire community had shared for several years.

Highlights of the football season were the Homecoming queen and her court, and the defeat of our arch rival, Shelby. Basketball this year-Oh, how would anyone begin to describe it? The season began with a hope of success. As the games progressed, the wins mounted. The Southwestern and the Bi-Conference tournaments that we hosted were hectic. Winning those games, we went to Kannapolis where we felt the most bitter of disappointments.

By then there were our four Easter holidays to start planning. Those eight snow days were nice, but now school is on a Saturday. It would have to be April 20, Junior-Senior Prom day! Baseball season began; May Day was produced; Senior plays were practiced and presented; and the graduation practice began. But, wait! Let's turn the pages forward for a backward look at this year.

Organizations

It is imperative in any high school to have a dynamic student government whose aim is to provide direction for its students. The primary goal of the Kings Mountain High School Student Participation Organization is to work with the administration and faculty in forming a responsible student body. The SPO is also responsible for sponsoring worthwhile school activities which will enhance and make the learning process more enjoyable.

Mountaineer Staff

School activities and pictures generally find their way into the **Mountaineer**, Kings Mountain High School's newspaper. The work on the paper is an outgrowth of the journalism class of which all students are members. The paper is generally published each six weeks. Students co-ordinate the work involved by such activities as selling advertisements, taking subscriptions, writing news stories, laying out the paper for the printer, proof-reading the copy and finally distributing the papers to subscribers and others who wish to buy them. Other details such as the billing and bookkeeping are done by students. The **Mountaineer** staff has raised additional funds this year by sponsoring dances.

Mrs. M. Harrill and Mr. Paul Dixon

Mrs. Harrill And Mr. Dixon "Teachers Of The Month"

"I thought I could make my life more useful by being with and working with young people," said Mrs. Harrill, February's number one woman teacher, when asked what attracted her to her profession. Mrs. Harrill enjoys working with responsive students who do their best.

Being very constructive, Mrs. Harrill uses her spare time reading historical novels and travel literature. During the summer she likes to garden. She also enjoys cooking.

Mrs. Harrill would like to persuade some students to be a bit more serious and considerate in the school halls.

She considers a variety of interests, especially in other people, essential for a good personality.

Peace for the world is a gift she wishes she could give.

Mrs. Harrill attended the University of North Carolina, majored in English and worked in social studies and French.

Welcome
Mr. Harrill

The Mountaineer is happy to welcome back to the school Mr. Harrill, who is returning from a leave of absence on December 1st.

The band is comparing a deer hunt to a deer hunt in North Carolina. The band stopped to see him some time ago. Hedden's band has three boys. Memorial Day is no serious business. Again we welcome Mr. Harrill.

Bus C
Due
Abuse

Recently growing number of students about the school have complained about the condition of the bus. As Mr. Harrill, when questioned about the condition of the bus, stated that it was too much to ask.

SPO Discusses Point System

The SPO, Student Participation Organization, governing body for KMHHS students, has recently held several meetings to discuss major problems facing the school.

Among these problems are the proposed point system, drinking at dances, and the printing of a student handbook. The point system is a system by which a student receives so many points for extra-curricular activities and can only attain a limited number of points. The plan has not been decided upon but if it is adopted, other questions concerning the system will have to be answered.

Drinking has become increasingly noticeable at the latest student dances. It was decided verbally that anyone seeing someone drinking at a dance should report this to one of the chaperones. Then the chaperone will have the person who is drinking to leave.

A student handbook, something KMHHS students need badly, has been discussed since August. When printed, the booklet will contain all vital information concerning the school that the students should know.

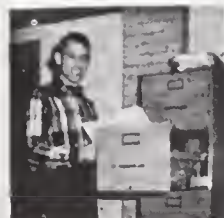

This includes grading scale, penalties and procedures for unexcused absences, explanation of the point system, qualification for clubs, etc.

The day after each SPO meeting, each homeroom SPO member should report to his homeroom everything discussed at the meeting. If your SPO representative fails to do so, remind him of his duty as a SPO member.

Also under consideration are plaques for the different clubs to be placed at the inside entrance to the gymnasium.

The Bible Club and the Chorus collaborated to provide the entertainment at the KMHHS Christmas assembly, Tuesday, December 19.

With a 23-0 record, the Mounties entered the Southwest-Northwest Bi-Conference Tournament and came out on top, defeating Hickory

in the finals.

Leaving the Southwestern and Northwestern Conferences behind, the Mountaineers traveled to Kannapolis for the WNCHSAA Championship. For the first time of the season, the Mountaineers fell to the hands of their opponents. Final record: 25-1.

The Mountainettes lost in the Southwestern Conference Tournament, by falling into the hands of Shelby in the semi-finals.

Sharon Gold once again paced the Mountainette scoring. She was followed by Kathy Plonk and Linda Childers.

Come a little bit closer now.

Superintendent

Mr. Donald D. Jones

Board of Education

Left to Right: Mrs. Lena W. McGill; Mr. B. Holmes Harry; Mr. Alex Owens; Mr. James E. Herndon, Jr.; Mr. George H. Mauney, **Chairman.**

Principal

The acceptance of responsibility is one of the true signs of maturity. If nothing else has been accomplished by you in your years of work and study at Kings Mountain High School, I feel that you have attained this worthy end. It has been a rare occasion when one of you has been asked to accept responsibility and has not done so. Now, as you are graduated and move into the orbit of life outside the school, maintain this badge of maturity. Accept the responsibility that is thrust upon you; even go out of your way to seek further tasks. As you accept harder and harder jobs, and prove you are capable of accomplishing them, you will grow stronger and more capable of fulfilling the utmost requirements made of you. This is what will be required to keep our nation and our society strong and active, and from what I have seen of the students of our school, you will certainly be in the forefront of our progress.

Curriculum

The greatest source of satisfaction to a counselor is to see young people develop, mature and fulfill their potential. In this respect, my experiences at Kings Mountain High School have been most gratifying. The youth of today are more intelligent, better informed and more responsible than any preceding generation. I am confident that the future lies in capable hands. I consider it an honor to be of service to you.

Conclusion

Where does the end come and a new beginning start? Well, wiser men than those whom most of us will ever know have asked that question. Exams are studied for, maybe. At least, they are finished. The excitement of all the end of the year's activities is almost exhausted. Lockers have been cleaned, and the student parking lot is now deserted. Empty rooms, unoccupied desks, and piles of forgotten knowledge-all are a reminiscence of the year now past. The plans of beach trips, the lake, a real job, college, and for a few summer school have taken their places. Summer has begun. As has been said frequently this year, it's all over!
